(ASSOCIATED PRESS DISPATCH)  
CHICAGO, July 18.—Building operations in Chicago are at a standstill today and more than 100,000 workmen are idle as a result of a lockout ordered by the executive committee of the Building Construction Employers' Association of Chicago. Yesterday the organization, which includes in its membership every building contractor in the city, issued an ultimatum declaring that unless the members of the carpenters, lathers, iron workers and other unions who have been on a strike for several weeks, returned to work by 8 o'clock this morning and agreed to abide by the provision of their joint trade wage contracts which run until 1921, the builders would indefinitely suspend all operations.

The strikers ignored the threat and refused to return to work as requested and early in the day the executive committee of the building employers sent a letter by special messenger to every contractor with instructions immediately to stop work of every character.

NEW YORK, July 18.—The strike of seamen, firemen and others which has resulted in holding several hundred ships at their pier here and caused steamship and railroad terminals to become piled high with freight, entered its second week today. Thousands of marine workers have been thrown out of employment and unless a quick settlement is brought about still other trades connected with shipping will be affected, it is said.

RETURNING PRISONERS.  
BERNE, July 18.—According to official dispatches from Berlin it is expected in Germany that the return home of German prisoners of war in France will begin about the middle of August. It is said that these prisoners will return to Germany by way of Switzerland at the rate of about 2,000 per day. The Germans still held by the French number about 450,000.

GADSDEN, Ala., July 18.—With the vote of only one small precinct missing, L. B. Rainey, of Gadsden, apparently has been nominated in the democratic primary in the seventh district to succeed the late John L. Burnett, in congress. Rainey has a lead of 177 first and second choice votes over Major Harwell G. Davis.

LIVES IN PERIL

Men Trapped Alive in the Depths of Colliery All Rescued Except Twenty-One

KIMBALL, W. Va., July 18.—Three o'clock this afternoon. Twenty-one men were killed and a score injured in a gas explosion at the mine of the Tazewell Creek Coal company here this noon. More than 100 men were working in the mine at the time. Seven bodies had been recovered up to 3:30 o'clock this afternoon. Rescue parties are digging for fourteen bodies buried under wreckage at the mouth of the mine.

BLUEFIELD, W. Va., July 18.—Six miners were killed in the Tazewell mine, near here today. Two hundred men who were in the mine at the time were trapped for several hours but were rescued later by workmen who dug through the wreckage. Five bodies had been recovered up to

## GAS CAUSED IT.

CHARLESTON, W. Va., July 18.—W. J. Heatherman chief of the state department of mines, said he had been informed that only six men had been killed in the explosion in the Tazewell coal mine, near Bluefield and that five bodies had been recovered. He said the other body would be recovered before night.

A local gas explosion in the mine, Chief Heatherman said, caused the fatalities. He declared only 200 men were employed in the mine and that all except the six had escaped. Mr. Heatherman said this report was received from his deputy inspector in that district by telegraph.

BULA KUN, COMMUNIST,  
IS OUSTED IN BUDAPEST;  
KAROLYI ENROUTE TO U. S.

(ASSOCIATED PRESS DISPATCH)  
BERLIN, July 18.—Count Michael Karolyi, former president of the Hungarian republic has arrived in Italy after several attempts to leave Hungary and will go to America, according to a Vienna dispatch to the Kreuz Zeitung.  
Several weeks ago, it is said Count Karolyi escaped to Austria, but he was made prisoner by the Austrians and returned to Budapest. The count, the dispatch adds, then sought and procured the assistance of the Italian military authorities who sent him in charge of a guard to Italy by way of Innsbruck. The Vienna dispatch concludes:  
"He will, however, have to leave Italy for America immediately."

PARIS, July 18.—Bela Kun, head of the Hungarian communist government, has been ousted, according to dispatches from reliable sources in Vienna received by the peace conference.

Troops returning from the Czech front were reported entering Budapest in large numbers. Budapest was in disorder.  
Herr Boehm and Herr Lander have taken over control of the communist government.

Kun Tired of Job.  
Bela Kun was reported in a Budapest dispatch received Wednesday to have broken off with nearly all the socialist leaders. Officers of the soviet army were said to be deserting at every opportunity. The communist leader was quoted as having told his minister of education that he was tired of trying to ride socialist and communist horses at the same time.

Herr Boehm, who has been commander of the Hungarian armies, was reported in prison in a dispatch from Vienna Wednesday. This dispatch also stated that Bela Kun was seeking some excuse to leave Hungary and that he would not return.  
Bela Kun assumed the post of foreign commissary or minister of foreign affairs in the Hungarian soviet government which succeeded the republican government set up by Count Karolyi. He took office in March, 1919, and immediately got in touch with the heads of the Russian soviet government. He was considered the founder of the communist party in Hungary.

The council of five at Paris July 16 reached the conclusion, it was stated, that it was impossible to

PRE-WAR POSTAL  
RATE TO GERMANY

WASHINGTON, July 18.—The pre-war rate of 12 cents a pound on parcel post packages to Germany was re-established today by the post office department. The limit of weight on such packages is 11 pounds.

Announcement also was made that the domestic letter rate of two cents an ounce in effect when mail went directly from one country to the other would be re-established as soon as direct steamship lines had been restored.

Exchange of money orders with Germany will not be resumed pending the negotiation of a new treaty, which officials said, was made necessary by the decline in the value of the German mark.

BELGIUM REVIVING.  
BRUSSELS, July 18.—Out of the ruins of Belgium's steel industry which was systematically destroyed by the Germans will spring one of the biggest steel combinations in the world. Ten or twelve of the most powerful corporations whose plants were laid waste have decided to pool their interests into one immense undertaking. Stock in the various companies is being taken care of according to the method followed by merging many American plants in the United States steel corporation.

Churchill Says Uplifting of  
Slavs First Duty of  
League

(ASSOCIATED PRESS DISPATCH)  
BERLIN, July 18.—The Pan German Deutsche Zeitung, which stands close to former royal circles, takes a serious view of the illness of former Emperor William, calling it "deep melancholy." It is said that the one-time monarch is so depressed that his physicians view his condition as critical.

Count Hohenzollern is said to rarely leave his apartment and seldom sees his closest friends. The paper says that he spends many hours in prayer and that when he does talk he wants to converse on religious subjects. The former emperor is said to show a "high degree of nervousness."

LONDON, July 18.—A wireless dispatch received here says the Westminster assembly has adopted a bill placing maternity under the care of the state.

A proposal by the independents that the mother of an illegitimate child should officially be designated as "fraud" was carried by a vote of 138 to 123. It was also decided by the assembly that the same educational and social opportunities should be provided by legislation for illegitimate as legitimate, likewise, it was decided that large families were entitled to state assistance.

LONDON, July 18.—Russia at the present moment is the keynote of the future peace of the world and the relieving of that country must be the first duty of the league of nations," said Colonel Winston Spencer Churchill, secretary of state for war, in an address at the British-Russian club dinner tonight.

"If the whole of Russia and its resources fall into the hands of Lenin or Trotsky, the whole power of the Bolshevik forces will be thrown against those little states which have been promised the protection of the league of nations. If the Bolshevik forces prevail in Russia, those little states, now Russia itself will fall into the hands of Germany," he continued.

Mr. Churchill defended the action of the allies in sending troops to Russia and said if the five great powers had been able to act in concert, "things would not be as they are there."

He declared that more than 300,000 Bolsheviks were being held in check by the allies and "if the British government contributed in any way toward that result, it, for one, rejoices."

Mr. Churchill predicted an entire change in the situation within a fortnight but did not explain what it might be.

HIRE CITY PLANNER.  
HAMILTON, July 18.—Harlan Bartholomew, of St. Louis, Mo., today is city planner of Hamilton, following action late yesterday by the City Planning commission. Bartholomew's salary of \$6,000 a year will be paid by public-spirited citizens.

AGENT IN FRANCE.  
VERSAILLES, July 18.—Announcement was made here semi-officially today that Baron Kurt von Lersner, the head of the German mission here, had been appointed charge d'affaires to look after German interests in France. Baron von Lersner formerly was secretary of the German embassy in Washington.

PICKLE PLANT BURNS.  
PADUCAH, Ky., June 18.—The McKinney-Cuedry wholesale grocery and the Old Homestead Vinegar and Pickling company were destroyed by a fire which threatened the entire wholesale district early this morning. The loss amounts to \$100,000.

Belgian Children Warned by Posters of  
Danger of Handling Unexploded Shells

Although the Germans have been out of Belgium for months, there are thousands of unexploded shells in the battle-scarred sections of the little kingdom. This is a photograph of one of the latest posters used to warn the Belgians, especially the children, of the danger of handling "duds." Despite the warnings, many persons have been injured.

"TEETH" ARE LEFT IN  
ENFORCEMENT ACT BY  
DRY MAJORITY IN HOUSE

WASHINGTON, July 18.—Prohibition forces in the House defeated every attempt to eliminate drastic provisions of the general enforcement bill, and while in full and absolute control, shut off debate at the word of their leader, despite the violent protest of the minority.

When they had raced through the war-time enforcement portion of the three-part bill and into the constitutional prohibition measure proper there were only 68 members on the floor, and so much confusion that a speaker could not make himself heard.

It was 7 o'clock last night when the long roll call to obtain a quorum was started and members then had gone home, after declaring there was no good reason for attempting to force through a bill to take care of a situation that would not arise until January.

Before the House got into a snarl, however, the prohibition faction had fought off every attack on their bill. An amendment to strike out the minimum fine for those convicted of having violated the war-time act was defeated, 68 to 57.

This was offered by Representative Frank Reavis, Republican, of Nebraska, a prohibition member of the Judiciary Committee.

Andrew J. Volstead, of Minnesota, Chairman of the Judiciary Committee and patron of the bill, presented an amendment, which was adopted without debate and which made the measure a bit more drastic in that it added the word "manufacture" to the many things a man may not do with liquor in his office or home.

For a brief moment late in the day the minority—described by the prohibitionists as the "wets"—swung into power, only to be thrown out by a demand for tellers, which meant an accurate count on a vote to amend the bill so that a person charged with having violated a liquor selling injunction might demand and obtain a trial by jury.

This motion, offered by Representative Warner Gard, Democrat, of Ohio, and warmly supported by former Speaker Champ Clark, had provoked an hour's debate which was bitter at times, when the House put on the lid and started to vote.

There was a noisy shout from the ayes, who appeared to have won. Instantly there was a demand for a division and after members had been counted the result was announced, ayes 70, nays 66.

The victory was not expected, even by the wets, and they realized they could not have won except for the

Walls of Blaze Near  
Spokane, Wash.

(ASSOCIATED PRESS DISPATCH)  
SPOKANE, Wash., July 18.—Every available man in Western Montana, Northern Idaho and Eastern Washington, is being employed by the Federal Forest Service and the private forest protective associations to fight forest fires in Montana and Idaho that today were threatening two western Montana towns and millions of feet of standing white pine.

MISSOULA, Mont., July 18.—St. Regis, Mont., partly destroyed in the forest fires of 1910, has been surrounded by the Nigger Hill fire, which has leaped the divide. The town is completely cut off from help and is declared to be in danger of destruction.

GREAT FALLS, Mont., July 18.—Fifty fire fighters were sent forward from here to Missoula by the local forestry office, to be distributed to different fire fighting points from that place.

Spokane, Wash., July 18.—Unfavorable weather and lack of fire fighters in western Montana and northern Idaho served to create what was characterized by federal forest service officials as a situation "potentially the worst since the holocaust of 1910."

Fire fighting crews were retreating before wind driven walls of flame that threatened timber, live stock and even human lives. Reports were received today of destruction of ranch houses and live stock and other homes were said to be in the path of the flames.

Many fires in federal forest service district No. 1 were reported as spreading rapidly under a high wall, and all western Montana was said to be under a pall of smoke.

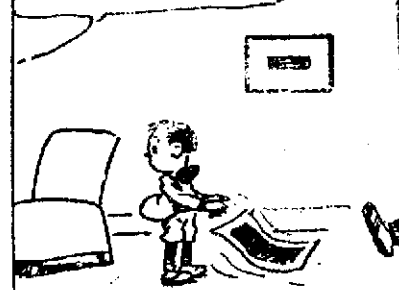

A band of thousands of sheep were burned when a blaze on Nigger Hill broke away and swept down on Tarkio, a small town west of Missoula, and trapped the animals, belonging to the Northwest Sheep company of Portland, Ore.

Two ranch houses in the Priest River valley, east of the town of Priest River, Idaho, were destroyed by a fire which started last night and which today was threatening fifteen other ranch homes further up the valley.

Three bridges have been burned out and communication was broken when the government telephone line was severed. Three hundred acres had been burned over at last reports, and the flames were spreading into the hills to the eastward.

Ranches also were reported burned out at Bronx, north of Sand Point, Idaho, where a fire covering 2,000 acres was being fought by ranchers.

He made the trip from Dayton to Wichita Wednesday to attend a national tractor demonstration here.

WILSON CONTINUES  
CONFERENCES WITH  
SENATE MEMBERS

WASHINGTON, July 18.—President Wilson's program for today included resumption of the series of conferences with members of the senate which he began yesterday and at which the peace treaty and the league of nations were discussed. Four republican senators had appointments with the president today, McNary, of Oregon; Capper, Kansas; Kellogg, Minnesota and Kenyon, Iowa.

The conferences yesterday and those for today were the first of a long series of similar meetings Mr. Wilson is arranging with members of the opposition party in the senate and whom he proposes to take into his confidence concerning the conduct of the peace negotiations at Versailles. So far he has called in only those senators who have expressed themselves in favor of the treaty or who have not made a public declaration either for or against, but later he is expected to confer with virtually every republican senator including those who have most bitterly opposed ratification.

No word had come from the president as to his decision with regard to the recent request of the senate for what is known as the "American draft" of the league of nations covenant. Secretary Tumulty said he had not discussed the matter with Mr. Wilson and senators who saw the president yesterday declared the subject had not been mentioned during their conversations.

**ASKS FOR PAPERS**  
WASHINGTON, July 18.—Without debate the senate today called on President Wilson for the facts in charges against American missionaries in Korea. It asked about the case of the Rev. Eli M. Mowry, of Mansfield, Ohio, a Presbyterian missionary pronounced guilty of complicity in the Korean revolutionary movement and also about the charges against E. Bell, another missionary.

**MILITARY AND NAVAL TERMS**

**New Dictionary Aids Reading of War Reports**

Definitions of military and naval terms, grouped together under a single heading is one of the special features of The New Universities Dictionary now being offered to readers of the Lima Times, contributing to the splendid success attending the distribution of the book. In reading about the war, not infrequently the reports contain some word or expression with which the average reader is unfamiliar.

The meaning of such terms can readily be had by turning to The New Universities Dictionary, as well as that of many expressions which have come into more common usage since the Continent of Europe became one vast battle ground and the high seas turned into a "danger zone" by the naval operations of the contending powers.

Coupons are being redeemed in large quantities, so enthusiastically has the offer been received, and it is evident that The New Universities Dictionary is finding its way into the business office as well as the home.

## How To Save Ice

SUGGESTIONS FOR cutting down the ice bill are given by E. J. O'Malley, deputy commissioner of public markets for New York City, in the New York Sun, as follows:

Avoid opening icebox as much as possible; cold air escapes quickly and melts ice through the rush of warm air.

Wrapping ice on top and sides in newspaper will prevent melting. Cold air goes down through icebox, it is therefore unnecessary to have ice exposed to air when box is open on top.

Cool iced tea and iced drinks of all kinds by putting bottles in icebox and not against ice, as this melts ice quickly.

Don't put chopped ice in drinks; this keeps icebox open and melts ice very quickly.

Buy a large piece of ice, because melage is about one-third greater in a small piece of ice on account of surrounding air space. For instance, a twenty-five-cent piece of ice will last three days to a fifteen-cent piece one day.

Do not accept ice with a hole in center. This will melt three times as quickly.

## The Pleasure of Discomforts

A LITTLE PARTY that had recently returned from a summer's outing were asked how they enjoyed the trip. They said they had the "time of their lives," the best time they had ever had. The mosquitoes were fierce—worse than they had ever been known to be; the traveling accommodations were poor; the food was not up to the standard at the resort where they stopped; the services were "on the bum;" but they had the best time they had ever had upon a similar outing.

In fact, they enjoyed the discomforts. Heretofore everything had been too easy. It was too much like living at a modern hotel, in the days gone by when they used to take the same trip. But this year, well, it was a great thing to experience discomforts and to make the most of the situation.

The gentlemen have simply learned a little philosophy. There is nothing more tiresome, more enervating, less to be desired, than to have one's every want taken care of without effort upon his part. It would do any man good to be cast upon an uninhabited island occasionally and have to hustle for himself. It would develop mental processes that have become dormant; it would arouse interest and excitement in life; it would teach philosophy—and humility, which is the handmaiden of philosophy.

## Not Afraid to Look Old

JOSEPH CUMMINGS Chase, the American portrait painter, finished a portrait of Marshal Foch not long ago, but, after finishing it, was almost afraid to show it to the marshal. It seemed so old although the painter had faithfully followed what he saw in the great Frenchman's features. Finally he decided to show it to Foch and did so with the remark that it looked too old and perhaps ought to be changed.

Marshal Foch was delighted with it. "It looks old," he said, "but I am old. You must be true." And he would not allow the artist to remove a single line or touch a further brush to the painting. "I am not afraid to look old, since I am old," he said.

Why should any one fear to look old? What is there in age to be ashamed of? What is there in youth that one should desire to reflect it? If age were something a few only achieved, if it were something that showed the wrath of the gods visited only upon certain individuals, one might be justified in attempting to conceal it or in denying it. But it is the common lot of all none there are who may escape age. It brings with it compensations we ought really to rejoice that we are not free from with the years.

## A Dose of His Own Medicine

MAXIM GORKY did a good thing his brilliant way to give aid and comfort to the Russian revolution. Indeed, he became the editor of a newspaper which reached Bolshevism. But he has been given a dose of his own medicine. His own newspaper has felt the wrath of the Bolshevik leaders and he has been served with notices to leave the paper as they want it run and not as Gorky wants to run it. As he finds that a good many of his friends have been locked up in prisons and can not obtain fair trials, hence he prints this startling comment in his paper:

"The abolition of the freedom of the press is a physical assault that is unworthy of our democracy. To let such a veteran revolution as Bolshevism, who has struck so many deathly blows to monarchy, not in prison because he has chosen for himself the role as a purifier of all political parties, is an act unworthy of democracy. It is to shame our democracy when we permit a splendid man like Khartashev, a gifted writer like Bernateky and a representative of culture like Konevalsky to rot in prison. To intimidate men who do not wish to take part in the mad dance of Mr. Trotsky on the ruins of Russia with threats of pogroms and terror is a shame and a crime."

It is the old, old story of the beggar on horseback. Tyranny in the name of democracy wears a hole in the hide just as does any other ill-fitting saddle. But, that is the salvation of the world, so far as tyrants are concerned—their own followers rise up and overthrow them even as they arose and overthrew others. Gorky and his kind who had so much to do with placing Lenin and Trotsky in power will now proceed to their undoing through just such comments as that quoted.

HAPPY THOUGHT: More nice weather like the past few days.

While a lot of congressmen are fussing around wanting to pass a bill compelling the president to remain in Washington, about 100,000,000 people would be glad if they would enact some kind of a bill that would keep a whole lot of members of congress at home twelve months in each year.

GOOD EVENING—It would be interesting to know, just for the information only, how much those pugilists who performed at Toledo two weeks ago today, put into war stumps after they got their checks.

## MORE GOOD RIDDANCE.

MEXICO CITY—Newspaper advice here are that there is a lively exodus of Mexicans from the United States, their destination being Lower California where agricultural colonies are being formed. Three thousand such persons are said to have entered Mexico during the last week in June.

## SOME GUN THAT.

LONDON—The British Admiralty has revealed that one of the developments of the navy in the war was an 18-inch gun which fired a ton and a half shell, seven feet long, twenty miles, with sufficient force to pierce a foot of the hardest steel. It was used in the memorable attack on Zeebrugge with excellent effect.

## ELECTRICAL STRIKE STILL DEADLOCKED

All angles of the electrical workers' strike in this city today remain the same. It was hoped a reconciliation between the workers and their employers would be effected before

this, but indications are there will be no adjustment of matters in the near future without the contractors conceding to the requests of the strikers. The linemen of the Ohio Electric company, still signify their intentions of remaining out until the corporation complies with their requests. Officials of the company continue to state no material injury as a result of the strike has as yet been experienced.

HE WAS ENTHUSIASTIC. Here is a story that a Lima Scotchman tells on the Swedes. A number of Swedes were coming to America aboard a large ocean liner. One of them got so seasick that he decided that the worst thing in the world was to have everything going out with nothing coming in. As he grew more seasick, he began getting homesick. He did not have money enough in his pockets to bury him decently and his Swedish friend started out to get the needed cash. He was fairly successful and with confidence approached a stranger. "Give me a dollar. We are getting enough money to bury a Swede?" "Sure," responded the stranger readily. "Here's five dollars, but, four more of them."

July 18.—Complaints of coal operators in Ohio and West Virginia, that recent increases in freight rates destroyed the relationship with rates to the northwest from Illinois and Indiana mines subjecting them to undue disadvantage, were not sustained by the interstate commerce commission which announced its decision today after an investigation made at the request of Director General Hines.

## Social Notes

## HUGE SUCCESS.

The Lawn Fete, that was given by the Altar Society of St. Rose was a huge success, when one thousand members of the parish, enjoyed the numerous forms of entertainment which were provided. There were candy booths, ice cream cone stands, and ice cream and cake served at cozily arranged tables in one corner of the lawn.

There was dancing in the auditorium, to the marvelous strains of Lawrence O'Connell's orchestra, and here J. E. Henry was in charge.

Mrs. W. J. O'Day was general chairman and Mrs. J. E. Duffield, her assistant, and to them, is due a great amount of credit for the able way in which they handled the large affair. In fact every chairman and committeeman deserves a goodly share of the honors or the success of the party.

## PRETTY PARTY.

Miss Sara Laughlin, of West Market street, had a number of the younger set in for an informal afternoon on Friday, when she had as her honor guest, Miss Dorothy Campbell, house-guest of Miss Marian Cable. The afternoon was spent with chatter and music and a delicious tea served at 4:00 o'clock. Upon each plate there reposed a single red rosebud, which were given as favors. Bowls of the same pretty flower were placed at different points throughout the room, and made a very charming setting for the other buds present, who included: Miss Campbell, Miss Dorothy Zeigler, of Marshall, Ill.; Miss Catherine Galvin, Miss Evelyn Jass, Miss Katherine Young, Miss Margaret Cooper, Miss Marian Cable, Miss Mary Roberts, Miss Josephine Pertscher, Miss Hope Hollister, Miss Janet White, Miss Esther Kriete, Miss Helen Johnson.

Miss Bernadette Blanchard, of North McDowell street, has returned from a short stay at Toledo Beach.

Mrs. Wallace Bridgewater, of St. Johns has gone to Sidney to be the guest of Mrs. William Mauer for a few days.

Mr. and Mrs. Jacob Piper, of West Market street, are in Sidney visiting with friends and relatives.

## FAREWELL PARTY.

A pretty farewell party was tendered Mrs. Nathan Tronstein, of South Jameson avenue, one evening this week when a circle of her friends decided to have the affair a complete surprise. Thus they stealthily approached the home under cover of darkness and were upon the porch ere Mrs. Tronstein was aware of their presence.

She was presented with a beautiful silver basket as a remembrance. Mrs. Tronstein, with her family, will move to Cleveland some time in August.

Mr. and Mrs. W. L. Parmenter and Miss Mary, of West Market street, left Friday for Ann Arbor, Mich., where they will spend the week-end with Warren Parmenter, who is in school at the University of Michigan.

Miss Gladys Weixelbaum, of West Market street, is visiting with friends in Tiffin.

Mrs. Ben Miley and Mrs. William Miley of Wapak are visiting in this city as the guests of Mrs. C. W. Stokes of W. Circular St.

Mrs. George Newman of Sandusky Road is entertaining Mrs. Mary Craft and Mrs. Harry Loth, of Wapak.

W. C. Counsellor of W. High St., has returned from Van Wert where he spent the past week with his father, C. W. Counsellor.

## SHE TURNED TO NERV-WORTH WHEN ALL ELSE FAILED

Miss J. Miller of Uniontown Found Her Faith Well Placed.

This well and favorably known resident of the busy town at the western foot of the Alleghenies has the very best of reasons for praising this famous family tonic and she gave them to Uniontown's Nerv-Worth druggist a few days ago:

Wade H. Guyton—I have been in a very nervous condition for a long time. Felt tired and worn out after my day's duties. My appetite was very poor and stomach and digestion in miserable condition. Have been a great sufferer from rheumatism and neuralgia.

I procured a bottle of Nerv-Worth and am now feeling in good condition. Appetite and digestion in fine shape. No more nervousness or pains. Am gaining in strength every day. Nerv-Worth certainly helped me up to the point of good health, when all other remedies failed. I will always keep it in the house.

MISS L. MILLER,  
242 E. Fayette St., Uniontown, Pa.  
"A dollar here if this famous family tonic does not benefit you."

CORNER MARKET AND ELIZABETH

## A Latch-String Reachable to Everybody

## Courtesies Our Forefathers Knew

In those days when the wilderness still enveloped this country, no man was a stranger to another.

Entrance was given every wayfarer in every cabin. One step over the threshold meant that the best was none too good for this visitor.

The best bed, the best linens, the best of all the food—those were the guest's privileges.

Upon leaving, the parting words were, "The latch string is always out"

The same is true in this fine new store at the corner of Market and Elizabeth

The latch string is always out to everybody whether intent upon purchasing from the select merchandise or just to inspect and gather the new ideas brought from the four corners of the globe.

Lower pricings for the better things of need is the inevitable pronouncement of all those who come "just to look."

"The latch-string is always out to everybody—no one is a stranger at Bluem's."

One showing is in all-over embroidery and lace with regular style tops. Back and front fastenings.

Heavy muslin forms the body of others with the additional use of lace on some, embroidery on many and a combination of both on others to give the fancier effect women so love. Reinforced beneath armholes.

Crepe de chine and lace combines for the sake of loveliest in another style that has strap tops.

FOURTH FLOOR

## Much Call for Georgette

Plain georgette is popular for Summer dresses either in combination with other materials or alone. Shown in all popular shades. 40 inches wide.

SECOND FLOOR

## Corsets Made for Summer Wearing

Impossible to determine the degrees of added comfort between regular style corsets and "summer" corsets—but they're many and liberal.

Easy to imagine, too, when there is plenty of air allowed to reach the skin through the open spaces—and remember that the shape retaining qualities are still there.

Net corsets in medium bust or waist line effects with elastic tops. Sizes 19 to 30—\$1.50; 31 to 36—\$1.75.

Treco waist line corsets with elastic tops at \$3.50; in medium bust at \$4.50; with lace front in low bust \$7.50.

Shown principally in nets, marisettes and serims.

FIFTH FLOOR

## Fine White Skirts at \$6.50 Each

There has been a regular flood of women to purchase from this pleasing lot of skirts that are so lowly marked.

It seems that they are a better value than ordinarily found at six dollars and fifty cents.

The material is gaberdine—good quality that will wash long and launder well. Pearl button and buckle trimmed.

THIRD FLOOR

## Have You a Hoover?

It is the finest little helpmate or house mechanic that a woman can possibly get.

It vigorously goes after the rugs and shakes them right when they are on the floor.

This action pulls all of the grit and dirt through from beneath.

It restores the original bright coloring of the rugs.

It straightens the nap.

It does more than a handy man and forty brooms could do remembering that it saves rugs, backs disposition, etc.

No more dusting when a Hoover is standing guard.

Call the Hoover Department and ask for a home demonstration. No obligations!

FIFTH FLOOR

## Suits Half; Capes Half; Dolmans 1-2

With first guess, everyone knows that such a price is lower than cost.

Keeping that detail in mind and the fact that every garment is of the highest quality workmanship, it seems that it would be an investment worth while for every woman to obtain one of these garments for her wardrobe.

THIRD FLOOR

Many have summery ribbon sashes in either white or colors. Were formerly from \$13.95 to \$35.00.

## Substantial Savings On White Skirts \$2.95 to \$3.95

Wishes have come true!

White skirts are now reduced to much lower figures—that is they are in this one lot because most of them are slightly mused or soiled through handling.

But what is that in the life of a tub skirt—a little water and the skirt is as snowy-white as new!

The materials are Pique and Gaberdine with the gaberdine running in the lead in numbers.

All of them were formerly priced much higher.

FIFTH FLOOR

Miss Lillian Taylor, of West Market street, entertained twelve friends with luncheon at her home on Thursday. It was a delightfully informal party, and the many and varied flowers used in decorating the one large table where the guests were seated, made a beautiful picture. The centerpiece was an unusual affair, pink being the predominating color in it's make-up, while the greenery of ferns added a pretty contrast. Place cards were in pink and green, as were also the nap cups.

Covers were laid for Mrs. Charles Clark, Mrs. Joseph Cowen, Mrs. Frank Mair, Mrs. John Galvin, Mrs. E. M. Gooding, Mrs. Sturge, Mrs. Carl Bowdle and children Betty and Bobby, are the guests of relatives in Cleveland.

Bobby and Betty Schlessinger, of Cleveland, formerly of Lima, are visiting Mrs. Julius Solomon, of West Elm street.

Mr. and Mrs. M. P. Stevenson, of W. Wayne St., are announcing the birth of a son, born Monday night at St. Rita's Hospital.

Miss Anne Taylor, of West Market street, is enjoying a vacation with her brother in North Carolina. She has, however, since visiting him taken many trips out from there, spending two weeks at Virginia Beach, and then making a trip to Old Point Comfort. She will return probably the last of August.

Miss Martha Prillman, of Delphos is visiting in this city as the guest of Miss Florence Huges of N. Elizabeth Street and Miss Lucille Curran of N. Jefferson street.

The out-of-town visitors in this city from Wapak Thursday were:

Mrs. Mary Mertz and James Mertz, Mrs. Ed. Christler and daughter Norma, Mrs. Casper Hemmert and son Bernard and Mrs. Isadore Davis and daughter Lillith.

Miss Bertha Falk of W. Circular St. has returned from Wapak after visiting with Miss Nelle Chiesa for the past week. Miss Chiesa accompanied her to this city for a stay of a few days.

Mr. and Mrs. Frank Cramer of Van Wert, are visiting with relatives here, returning to their home Saturday. They will be accompanied by their daughter Mrs. Warren Bower of Detroit, Mich.

## Visitors Board Reports Upon Co. Institutions

The following brief report has been made by the county board of visitors following a trip made June 25 to the Allen county infirmary. Owing to the absence of Mr. and Mrs. Sigler, caretakers, who were in Lima attending a lunacy hearing, it was impossible to get an accurate account. On the farm there are 50 acres of wheat, twenty-five acres of oats; hay, fruit, and a number of livestock. Everything was found to be in good condition.

At the children's home there are 35 children, all in good health. The inspection disclosed that the home was in its usual first-class condition. On the farm there are 27 acres of corn, fifteen acres of oats, four acres of barley and twenty-five tons of clover hay and alfalfa, all in good condition and with good prospects.

The visiting committee consists of Calvin Osborne, president; Mrs. Rosa Lindemann, Delphos, secretary; Mrs. George Vicary, J. M. Jennings, Elftown, and M. F. Boyd, Lafayette.

## FAUROT-DOROTHY GISH.

Los Angeles bids fair to lose its title to being the most blasé city in America if things keep up as they are. Moving pictures have reformed and rejuvenated the town and it now becomes a rare and unexpected thing to have anyone stop and look at an out of the ordinary occurrence. The passerby merely says "moving pictures" and lets it go at that.

So it did not create much of a sensation recently when Dorothy Gish's director arranged with the Los Angeles police department to give the vivacious little star a ride in the real patrol wagon that carries everyone from peace disturbers to international crooks to the central station.

The scene to be taken was for Miss Dorothy's Paramount picture "Peppy Polly," which is now shown at the Faurot. The star was to be arrested and sent to jail, and of course it was to be made as realistic as possible. An officer on Main street was informed that he should arrest Miss Gish and send in the regular call. She would be picked up by the "Hurry-Up" wagon and taken to the station.

It so happened that the wagon was out at the time the call arrived, and the driver calling in was told to go to the reported station before he returned. When the patrol arrived, Dorothy found that she had company, consisting of a drunken tramp, a woman arrested for fighting and a shop-lifter. She says the ride to the station was nothing like the chummy affair it should have been.

"Peppy Polly" will be shown for the final times tonight.

## THEATRES

## RIALTO THEATRE

Monroe Salisbury, star of "The Light of Victory," playing at the Rialto theatre now, has a typical artist's grievance. The Universal star

was reading a current photoplay magazine. "Why is it," he queried rather rhetorically, "that these magazines always choose some funny old picture of an actor when they have a store of really excellent photos to draw from? The other day a friend said to me: 'Monroe, I saw a picture of you in a magazine yesterday. Looked just like a young girl. You must have been fifteen years old when it was taken. I had to look closely to assure myself it was Salisbury and not a chick—en I was looking at.'"

Starting Sunday Dorothy Phillips is destiny.

Harry Hilliard and William H. Stowell divide honors in "Destiny," the Jewel production extraordinary, which comes to the Rialto Theatre Friday, in support of Dorothy Phillips. Miss Phillips is dazzling in the star role and so much ingenuity and expense were expended in the making of the screen drama that Hilliard, who formerly starred in Fox films, was engaged for an important role and Stowell, who has become famous as Miss Phillips' leading man, surrendered the role of lover for that of the brother of the star, the dominating male part in the play. Rollin J. Sturgeon directed.

DR. LA MAR EXPOSES  
UNDERGROUND DENS  
OF OLD CHINATOWN

Lecturer With "World at Home" Shows is Expert On Drug Addicts

(BY SYDNEY WIRE)

New York always seems to be able to dig up some form of excitement to tickle the jaded palate of the blasé Broadwayite and the latest sensation is the wholesale raid on retail drug stores where the police made a big haul, making a number of arrests and confiscating carloads of the deadly drugs which were being sold broadcast to the cocaine, morphine and opium fiends of the big metropolis.

It would seem however that New York is not alone in this serious matter of drug traffic and Dr. Copeland, a noted New York Specialist says that nearly twenty five per cent of the people of the larger cities of the United States are addicted to drugs in some form or other. The learned doctor adds: "I believe that almost twenty five per cent of the people of the big cities are drug addicts in some form or other and a careful investigation will prove that my figures are not far out. The opium smokers, no longer able to procure the drug in smokable form have turned their attention to morphine, cocaine, heroin or other opium derivatives and the condition is becoming vitally serious. Underground agencies all over the country are secretly distributing the drugs and unscrupulous agents are everywhere encouraging its sale and use. Something should be done and soon."

Dr. Frank La Mar, of San Francisco, throws some interesting light on the subject of drugs in his interesting lectures which he had been delivering throughout the country and it may be added that the doctor has done more to discourage the use of drugs than any other man we know of. His fifteen years among the Chinese of San Francisco's underworld has made him an authority on the subject and there are few tricks and schemes of the drug user and drug distributor that he isn't familiar with.

His explanation of the opium traffic as it exists today in the United States and he tells of the wonderful system with which the Chinese opium merchants distribute the deadly drug through a thousand agencies all over the country.

He tells how the smokable form of opium is made from the pure gum opium by a process of baking and straining and he explains the means of which the drug addicts obtain entree to the opium dens in the back slums of the larger cities.

Dr. Frank La Mar, is in Lima this week at the United Commercial

Travelers outdoor festival, where he is giving lectures on "Underground Chinatown" which consists of a series of tableaux showing scenes in the underground regions of the old San Francisco before the earthquake and which are described in a breezy and interesting manner by the doctor who leads his slumming parties through mysterious passages and into the incense laden air of Chinese joss houses and gambling dens and on through to the opium smoking chambers where the use of the opium pipe and the various utensils employed in the smoking of the drug are vividly exhibited and explained.

The Underground Chinatown feature of the World at Home shows at the open air festival at Murphy street is by no means the least interesting of the many features there and all interested in the customs and mode of living of the Chinese will surely find much to interest.

Mrs. Abram Hilly, 32, Pandora, is dead. She is survived by a husband and three children.

The Riley township Sunday school convention will be held at Grace church, Pandora, Sunday, July 27.

Grace Mennonite church, Pandora, presented its pastor with a Dodge touring car.

Jas. Ritter, 70, pioneer of Columbus Grove died Wednesday night. He was the father of the wife of the county clerk of courts, Mrs. L. E. Miller.

The members of North Mt. Zion church took a most unique way of entertaining their pastor and wife when, at a supposed rural reception, about 45 guests arrived, each person carrying a chicken, which was presented to the pastor.

C. B. Van Cleave has purchased the old City hotel and will remodel it into a residence property.

D. D. King, Pandora, sold over \$1,700 worth of big oak and elm timber to the Perrine-Armstrong com-

pany, Ft. Wayne, Ind. Over 50 loads have already been hauled, some logs making over 1,000 feet.

This is possibly one of the few towns which has more male voters than it has of children of school age. This is accounted for by the fact that there are a number of retired farmers whose children are grown and live elsewhere.

### CHARGED WITH SPEEDING.

Ted Sifert, 726 South Main street was last night ordered into police court on a charge of speeding. Officials say he will be arraigned tomorrow morning.

Insist on your dealer giving you Graham's Ice Cream, as the finest Ice Cream ever made in Lima, O., is made by the Graham Co. Every one is talking about how good it is.

### L. N. SMITH WANTED.

Has anyone in Lima seen L. N. Smith, of Kenmore, Ohio? Smith has been missing from his home in that city since the latter part of June, according to a communication received last night by local police, in which they are asked to be on the lookout for the man. Smith is about 29 years old, five feet, eight inches in height and weighs 150 pounds. When last seen he wore a blue suit, and a black and white checkered cap. The man has dark brown hair.

### TRAIN RIDERS FINED.

After pleading guilty to train riding, when arraigned in police court this morning, Herman Bowersock, 19, 1319 Greenlawn avenue, and Ammy Montague, 20, 1213 Forest avenue, were each fined \$10 by Judge Botkin.

## Health and Happiness

Women of today seem to listen to every call of duty except the supreme one that tells them to guard their health. Home duties, church duties, war activities, and the hundred-and-one calls for charitable enterprises soon lead women to overdo. Nervousness, headaches, backaches and female troubles are the inevitable result.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which, added to my weak condition, kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness. Health and happiness? Yes, I have both now."—Mrs. J. Worthline, 2542 North Taylor Street, Philadelphia, Pa.

The majority of women nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. Avoid them by taking in time

## FAIR SEASON IN OHIO WILL START WEEK AFTER NEXT

Harness Races, This Year, Have Been Very Well Attended—Other "Horse Dope"

The fair season in Ohio will open week after next at Wellston and from then on until the snow flies and even after there will be numerous fair and race meetings in progress each week. The attendance this year at harness horse race meetings has been nothing short of phenomenal and the fairs, the real backbone of the game, can look forward with certainty to a very big season's business. Many of the fairs have increased their purses for the harness horses, but a number have remained in the old rut, disregarding the increased cost of getting a horse ready to race and then campaigning him and it will be interesting to see how well they get by with the old standard.

The Ohio pacer, Baron Chan 2:05 1-4 which was so good late last fall, winning a number of races on the Grand Circuit, is not quite so good this summer and so far has not shown his extreme class of last fall. He will no doubt round to in a few weeks and make good the predictions that he might flirt with the two minute mark before the season of 1919 come to a close.

An interesting table was printed in a turf publication last week showing the horses that hold the greatest number of track records. In the first flight of 15 is the famous old Buckeye pacer, Major Mellow 2:03 3-4, that for several seasons was absolute king of the half-mile tracing racing sidewheelers. Although he died six weeks ago and was not cherry ripe a season before he passed

ed, he still holds nine track records that no horse has been able to wrest away from him. Fay Richmond, 2:03 1-4, former Indiana pacer, now owned in the West, is fourth, now holding thirteen track records. Ella M. 2:05 3-4, so long raced by Cliff Todd, the Cincinnati reinsman, is tenth in the list with ten records still in her possession.

The fast Indiana pacer, Walter Cochato, 2:02 1-4 may be gotten ready for the late fall racing, although his owner, William Naple, of Muncie, had not decided until lately that he would ever send the fleet son of Cochato to the track again.

W. A. MacGeath, of Montpelier, Ind., thinks he has a wonderful prospect in the four-year-old colt, Peter Gosnell, by Peter the Great 2:07 1-4, out of Nell Worthy, by Arworthy, making him a full brother to the sensational young trotter, Peter L. C. 2:16 1-4 that is racing so well over the Buckeye tracks this year. Peter Gosnell is the colt that was sold at Madison Square Garden two years ago, the proceeds going to the widow of Curt Gosnell, ill-fated Indiana reinsman who was so badly hurt in a fall from behind a pacer at Cleveland a few seasons ago that he died a few days later. Curt Gosnell had a world of friends among trotting horse people and all of them will be glad to know that the colt named after him and sold for the benefit of his widow, who was always popular among horse people, is promising so well.

The Ohio trotter, Kickery Bill,

by Binjolla 3:17 3-4, that has not always been regarded as a first-line speed prospect, changed the minds of a few at the recent Youngstown, O., meeting where he won his 2:13 1-4, and trotted a final half in 1:04 1-4, which shows that he has the extreme "whizz."

## Assaulted Umpire; Is Fined For It

Manager Jimmy Hamilton of the Peoria Baseball club last night was fined \$50 and suspended for six days with loss of pay by President Tarnsey of the Three Eves league for engaging in a fist fight with Umpire Daley at Evansville, Ind., last Sunday. Hamilton expressed his regret over the incident. He will be eligible to play against Moline Saturday.

## THROUGH THE SPORTSCOPE

Terry Turner, just released by the Cleveland Americans, has been signed to play second base for the Philadelphia Athletics.

Turner will join the Philadelphia team at Cleveland next Sunday.

## MOORE IS DEFEATED BY WILDE

20,000 Fans See British Flyweight Beat American

LONDON, July 18.—Jimmy Wilde, the British flyweight champion, defeated Pal Moore of Memphis, Tenn., in a twenty round bout at the Olympia last night. The referee gave the decision to Wilde on points.

Twenty thousand persons witnessed the fight. Moore administered much punishment on his antagonist in the early stages of the bout but at the end of the twelfth round Wilde led slightly on points. In the fourteenth round Moore sent a jab to Wilde's mouth which made the blood spurt. It was evident in the last rounds that Moore was trying for a knock out, but Wilde's ring craft and cleverness prevented the American from carrying out his plan.

On the invitation of the Prince of Wales, General John J. Pershing occupied the royal box with he Prince and his brother, Prince Albert. The party was given an ovation. General Pershing frequently waved his hands or bowed his acknowledgment to the plaudits of the crowds.

Moore and Wilde were matched for last night's bout as a result of a four round contest in London last December during the Inter-allied army boxing bouts. Moore was then given the judges decision and there immediately was a demand for a second meeting between the boys in a

## EARLY DECLINES IN STOCKS CHECKED

NEW YORK, July 18.—The early decline was partly checked, probably as a result of the further strength shown by oil and motor, with the chief feature at an extreme advance of 1/2 point. Before noon, however, renewed and broader offerings effected another and more general setback, steel, oil, rails and equipment being 1 to 3 points. Among specialties the impairment ranged from 2 to 5 points. Rumors of prospective labor differences accelerated the break, which saturated additional momentum from extension of short selling. Initial rates for call money were 6 to 7 per cent.

Selling of recent speculative favorites was resumed at the opening of today's market, the sharp reaction of yesterday, at least hour making further headway. Recoveries ranging from large traction to 2 points were recorded by General and Bethlehem Steels, United States, American International, Central Leather, Baldwin Locomotive and U. S. Rubber. Off setting factors included Dutch, Mexican 1/2 point and the more popular low-priced rails.

## GRAINS DECLINE ON WEATHER PROSPECT

CHICAGO, July 18.—Bearish sentiment predominated in the corn market today owing largely to favorable weather conditions. The check on export demand for foodstuffs tend to also to weaken values. Opening quotations, which ranged from 1/2 to 1 1/2 lower with September 11 1/2 to 1 1/2 and December 11 1/2 to 1 1/2 were followed by decided further setbacks.

Enlarged crop estimates which were current did a good deal to put oats on the down-grade. After opening 1/4 to 1 1/2 to 1 1/2 lower, including September at 18 1/2 to 19 1/2 the market continued to descend.

Provisions were weaker and lower with grain and hog. Labor difficulties at the stock yards here had a further depressing effect.

The corn crop was unsettled, 1/4 to 1/2 net lower, with September 11 1/2 to 11 3/4 and December 11 1/2 to 11 3/4.

### PERSHING HONORED BY CITY OF LONDON

LONDON July 18.—London honored General Pershing by presenting him the freedom of the city and a sword of honor in the presence of a distinguished company of Britons and Americans gathered within the historic Guild Hall. John W. Davis, the American ambassador, the embassy staff, Rear Admiral Harry H. Knapp and his staff, members of the British government and a number of British generals were participants in the ceremony.

General Pershing was applauded by the crowds that had gathered when he made his entry into the city, where the Guild Hall and the aldermen in their customary welcoming roles lent a picturesque aspect to the scene.

The general found a company of the grenadier guards, with its band, drawn up in the yard. He inspected the guards and then entered the hall

### SOLDIERS DROP WAR TIME INSURANCE

WASHINGTON, July 15.—Approximately three-fourths of the three million officers and enlisted men who secured government insurance policies through the war risk insurance bureau during the war have failed to continue their payments. It was disclosed during the meetings of the bureau's advisory committee of 13 headed by Charles Evans Hughes, which closed last night.

Recommendation that the organization of the insurance bureau be decentralized in order to permit more direct and effective transaction of business was made by the advisory committee. Failure of many policyholders to continue payments and convert their term policies was attributed largely to the fact that the bureau is unable to communicate with them as 30 per cent of the addresses of discharged service men are incorrect.

The committee recommended that qualified representatives of the bureau be sent to the capital of each state to confer with the governor in order to enlist the aid of state, county and municipal officers in obtaining the correct addresses of discharged service men and keeping in touch with them.

## THREE YOUNG MEN CONFESS TO THEFT OF TIRES IN LIMA

Three young men, arrested in Ft. Wayne, Ind., recently, were brought to Lima last night and after being grilled relative to the Lima Repair company robbery, which occurred about July 7, are said to have confessed to local police. Following the alleged confession, the men were taken to Columbus to answer a charge of robbing a haberdashery store in that city, in which several thousand dollars worth of clothing was stolen.

### Finger Prints.

The men were William Garrison, 21, 1868 North High street, Columbus; Walter Mason, 338 North High street, Columbus, and Leonard Sharp, 819 Summit street, Columbus. Authorities of Columbus say they obtained a clue to the perpetrators of the robbery by a finger print identified as that of Garrison, who is said to have served two terms in Mansfield reformatory.

Last night, police say, the boys confessed to arriving in this city about July 7, and that evening met some girls who were willing to be shown a "good time." The boys said they were broke, and seeing an opportunity, entered the repair store and stole 16 automobile tires. These tires, however, as far as police can ascertain were not sold in Lima.

### Sold Stolen Tires.

Following the robbery the boys are said to have left for a city near Lima, the name of which is not given out by police, and there, it is thought, sold the stolen property. From there the boys went to Ft. Wayne, where it is understood they broke into a store and stole goods valued at \$500.

Local police say Garrison, Mason and Sharp are in no way connected with the Harmon safe robbery which occurred in May.

## MAYOR NOT READY TO TAKE ACTION

When questioned as to what action he will take in the case of Joseph P. Jones, city treasurer, against whom State Examiner Thomas has made accusations, Mayor Simpson today replied he had nothing to say for publication, other than he is going to confer with City Solicitor Light and decide upon what will be the best move.

In the meanwhile the treasurer will remain in office. It is very probable, however, the mayor intimated, he will cause an investigation of Thomas' allegations within a few days. The matter will be thoroughly investigated before any move on the mayor's part is started. It was entered in conversation with Simpson this morning.

## NO CHANCE TO GET BACK ON LINCOLN HIGHWAY AGAIN

There is positively no chance of Lima getting back on the Lincoln Highway again, according to a communication received here today by Walter H. Clark, secretary Lima Chamber of Commerce. Recently, the Rotary Club and the Chamber of Commerce expressed their desires to hold a conference with directors of the highway association in an effort to again place this city on the route.

Mr. Clarke, yesterday afternoon, talked to Austin T. Bement, vice president of the Lincoln Highway Association, over the telephone and the communication received this morning was practically along the line of the conversation held.

According to the communication, practically all the directors and officials of the association are away from Detroit, and it will be impossible to hold a meeting before September. Bement also stated it is his belief that a conference will do absolutely no good, and there is no chance of persuading the association to change the route through Lima.

Statement Confusing. There is one paragraph in the communication which is very confusing to those who have read it. It says "It is not the policy of the Board to make changes in the route of highway, particularly where such changes remove the route from communities thru which it has long been established."

This, being the case, officials of the two local organizations are at a loss to understand just why the route was taken away from Lima. The communication then goes on to explain how much better and what great benefits will be derived from the route as it now stands since the change.

## WESTERN ROUTE IS FAVORED FOR THE NEW BARGE CANAL

Increased interest is being manifested by business men and capitalists in this part of the state in the project to secure for Western Ohio the route of the proposed barge canal, to connect Lake Erie with the Ohio river. Pittsburg is making a determined effort to secure the waterway, which will have the support of the government. Topographical and industrial conditions seem to favor the Cincinnati Toledo survey, which follows the line of the present Miami and Erie canal.

There are three competing routes for the proposed Barge Canal connecting the navigable rivers and the lakes and the one having the largest tonnage will secure this great improvement with all its advantages for transportation, water power, and other valuable purposes.

Col. Lansing H. Beach of the U. S. Corps of Engineers who is in charge of the surveys now being made has given notice that he wants the reports on tonnage in by August 1st and that none will be accepted after August 15th. This call for tonnage reports is now as important to the people of Western Ohio and Northern Indiana as the call for troops in time of war was to the nation. It is more than a drive for Liberty Bonds or relief funds. It will cost no money but it means work. It is a crisis in the contention for the location of this inland waterway.
